12 *Magnolia* varieties
13 *Viburnum*
14 *Westringia* varieties
15 *Camellia* varieties
16 *Callistemon* varieties

Information

Whether to provide privacy, wind blocks or just to hide a perimeter fence, finding the right hedging and screening plants can be difficult due to all the choice. There are many textures, colours and foliage types, however, most importantly, it is vital to understand how large the plant grows and what maintenance it may require to ensure it is right for your specific needs.
