## Heritage Roses

Heritage Roses are any variety 75 years old or older. They are often sought after for their amazing variety of growth habit, foliage and hips which are complemented by the wide diversity of blooms. The majority have exquisite fragrance. They are often vigorous and can be found in old homesteads and cemeteries thriving on decades of total neglect.

### BELLE POITEVINE

In addition to the lovely mid pink semi-double flowers, this plant also produces attractive coloured autumn foliage and bright hips. Recurrent flowering. 2m.

### BUFF BEAUTY

Lovely large, fully double apricot blooms fade to white on a beautiful Hybrid Musk bush. A vigorous grower with mid green leaves can be used as a shrub or climber. Strong Tea fragrance.

### CHARLES DE MILLS

Large ruffled crimson purple blooms that have many petals. Featuring few thorns and good scent, this is a great addition for a different coloured rose. 1.5m tall.

### CREPUSCULE

Informal apricot to yellow blooms. The virtually thornless plant can be allowed to grow as a large sprawling shrub or trained as a moderately vigorous climber. Repeat flowering with good fragrance.

### MUTABILIS

Open twiggly bush. Multi-colour blooms of coppery yellow that change to a pinky crimson colour as they age. Dark plum coloured stems with dark green-grey foliage. Recurrent. 2.5m tall.

### RUGOSA ALBA

Beautiful large single fragrant blooms are produced on a healthy vigorous plant with olive green leaves. Flowering ends in distinctive red hips. Fragrant. Recurrent. 2m tall.

### SCABROSA

Large single blooms of magenta with golden stamens, followed by large bright red hips. Magnificent foliage on a spreading bush approx. 1.5m tall. Recurrent.

## Ground cover

Ground Covers are extremely hardy and healthy. Generally they are very easy to grow and can withstand reasonably harsh conditions when mature. They flower with enormous freedom and continuity yet require little pruning. Very versatile, they are ideally suited for mass planting, borders, small gardens and pots.

Average height to 50cm but width can vary.

### DIAMANT

Extremely healthy grower with multiple single blooms of white and a yellow centre. Awarded a Bronze Medal at the National Trial Garden 2004. Approx 60-90cm high.

### EYE SHADOW

Blooms are produced in mid pink with the telltale Hulthemia dark pink eye that fades nicely in the aging bloom. It can grow to 60cm high but spreads well. Multi award winner.

### GARDENER'S PLEASURE

Small cherry red blooms are produced in clusters on a spreading, very healthy plant. An excellent ground cover, capable of growing 1.5m wide by 50cm high.

### MANY HAPPY RETURNS

An outstanding variety with large semi-single pale pink blooms. The arching canes give masses of flower from ground level. Approx. 60cm high by 90cm wide. Fragrant.

### PURPLE RAIN

Once established, will provide a mass of colour all season. Wide bushy growth habit will guarantee ground cover, with large clusters of violet pink blooms that age to purple. 50cm x 70cm.
